Sir:

INTRODUCTORY COMMENTS

This is in response to the FINAL Office Action of February 9, 2006, wherein the oath/declaration was objected to because the PTO considered one of the signatures of one of the signers as distorted. Therefore, the PTO indicated it was unclear who actually executed the declaration. In particular, the signature of Jonas Sidaravicius was considered unclear and distorted.

Application No. 10/749,418

REMARKS

The Examiner indicated in the Office Action of February 9, 2006, that the signature for one of the inventors, Jonas Sidaravicius, is unclear and distorted. Applicants have obtained a supplemental oath/declaration from Mr. Sidaravicius, showing a clear signature of the inventor. The Examiner is requested to please note that the printed type and the handwritten date near Mr. Sidaravicius' signature are clear. Mr. Sidaravicius' signature may just be difficult to read due to his handwriting.

In view of the foregoing, it is submitted that this application is in condition for allowance. Favorable consideration and prompt allowance of the application are respectfully requested.

The Examiner is invited to telephone the undersigned if the Examiner believes it would be useful to advance prosecution.

Respectfully submitted,

Irene Eckert
